

Accreditation Update

Don't miss the only 2019
JCI Accreditation Update!

Re-energize your patient safety practices with the 6th edition of the Joint Commission Hospital standards, in effect until 1 October 2020.

The Accreditation Update focuses on the 6th edition of the Hospital Accreditation Standards, which will be in effect until 1 October 2020. This informative two-day event will help you meet the challenges of achieving reaccreditation.

Answers from the experts

Here's your chance to learn about the new JCI requirements from the accreditation experts who create and evaluate them. Receive a complimentary electronic* copy of the 6th edition standards manual and accelerate your current compliance efforts.

Work in teams

Small-group work sessions will give you a chance to discuss and better understand the new JCI requirements us, giving you the opportunity to consider and discuss your organization's compliance with the new requirements and -- and hear other attendees' considerations, too.

Partner with JCI

JCI staff will help you navigate new and challenging international standards. Turn to us for the latest best practices in quality improvement and patient safety.

**JCI Education events are paperless, with content provided via an electronic application (app). Access to the app will be granted approximately 10-14 days prior to the event.*

“JCI’s standards reflect the systems and processes needed to deliver safe, highquality care. I urge leaders from accredited organizations to attend the Accreditation Update to gain the tools and resources needed to tackle the challenges they face in today’s fast-paced and complex health care environment.”

Paul Chang

JCI’s Vice President of International Accreditation, Standards, and Measurement
