The Joint Commission Journal on Quality and Patient Safety is a monthly peer-reviewed publication dedicated to providing health care professionals around the world with the information they need to promote the quality and safety of health care.

It includes feature articles and full-length descriptions of quality and safety programs, methods, or strategies, including the rationale, planning, implementation, evaluation, and lessons learned.

Submit your performance improvement story and/or subscribe to the Journal by going to the website: www.jointcommissionjournal.com
